

Invitation to Seminar

‘Profitability & reliability through transparent & accurate Bunker fuel metering and effective Terminal Management solutions’

Traditional quantity measurement is always accompanied with uncertainties. Thanks to the new sophisticated and reliable bunker fuel metering systems and terminal management solutions, you can now be confident of receiving maximum transparency, guaranteed profitability and unlimited security with maximum plant availability, safety and process efficiency.

Rely on the experience of **Endress+Hauser** to make this possible for you.

We are proud to announce that we will have guest speakers from the Fujairah Port area, who will give an insight to the planned developments for the Fujairah Oil Industry Zone and associated Port area.

Endress+Hauser UAE cordially invites you to attend the above mentioned seminar and dinner thereafter. We look forward to seeing you at the below location.
